- Developed a responsive textile portfolio website using Next.js, TypeScript, PostgreSQL and Tailwind CSS to showcase fabric collections, company information. Implemented interactive UI animations, reusable components, GitHub collaboration.

https://dj-impex-taupe.vercel.app/

Rewear – Frontend Contributor

- Built the Quiz and How it works pages in Next.js, including responsive layouts, reusable UI components, modals, and animations using TypeScript, Tailwind CSS, and Framer Motion.

RE—WEAR | Circular Fashion Initiative

Healthcare Business Analyst – Accenture - Aug 2024 - Apr 2026

- Verified provider and practitioner information using internal applications to support accurate provider enrollment.
- Performed data management, enrollment and record updates while maintaining accurate case documentation and compliance with client guidelines.
- Communicated with clients to identify, clarify and resolve data discrepancies, ensuring data accuracy.

❖ Personal Projects

Job Application Tracker – Java, Spring Boot, React.JS, HTML, CSS, JavaScript, MongoDB

- Built a full-stack job application tracking system with secure login, application CRUD, interview tracking, status updates, and dashboard analytics.
- Developed protected Rest APIs using Spring Boot and MongoDB used for storing users, application, and interviews. Performed API testing and validation using Postman.

E-Commerce Management System – Java, Spring Boot, MongoDB, Rest API, Postman, Microservices

- Designed and deployed each microservice independently, enabling modular development, maintenance, and scalability.
- Implemented REST APIs for inter-service communication, CRUD operations, database integration, validation.

AI Personal Vault – Node.JS, Express.JS, React, Tailwind CSS, PostgreSQL, HTML, Postman, Vercel

- AI Vault – Built an AI-powered personal storage and search platform for organizing and retrieving files, images, and notes efficiently.
- Implemented cloud-based storage and intelligent search to enable fast retrieval of user-uploaded content through a simple interface.

❖ Certification

- Java Full Stack Development Certification - Quality Software Technologies

❖ Education

Program	Institution	Score	Year
B.Sc. Information Technology	Saket College	8.70/10	2020 - 2023
HSC	Saket College	56.20%	2019 - 2020
SSC	M.R.G. School	81.60%	2017 - 2018
